Nearly a million students use Tallo to showcase talents and skills on their free digital portfolio so that colleges can identify and connect with them. Colleges use the platform to gain early brand awareness, micro-target the students they are looking for, and recruit a diverse student population.

Since 1970, NACCAP is the foremost professional enrollment organization promoting career development, spiritual growth and mutual cooperation between the United States and Canadian institutions of Christian education.

NACCAP desires to serve the interests of its member institutions and students seeking admission into Christian colleges, universities, graduate schools and seminaries by providing professional accountability, support and recruitment standards.
