We power workforce initiatives to:

LEVEL THE PLAYING FIELD FOR TALENT

Utilize technology to increase social, academic, and professional equity across the state by providing students a tool to overcome traditional boundaries such as geographic restrictions and access to resources.

USE TECHNOLOGY TO SHOW OPPORTUNITIES

Design educational and career pathways for students through a digital platform that showcases their talents and connects them with opportunities like scholarships, internships, apprenticeships, and jobs.

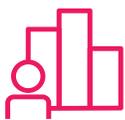

EMPOWER EDUCATIONAL INSTITUTIONS

Help educational institutions discover critical talent, both in and out of state, promote high-priority programs, and increase diversity and inclusion efforts.

HELP INDUSTRY IDENTIFY TALENT EARLY

Work with industry partners to identify talent early, promote their brand and opportunities, and develop a career ready workforce pipeline.

GAIN REAL-TIME ANALYTICS

Use real time data and analytics to understand state level human resources and drive new business and industry.

PROMOTE OPPORTUNITIES NATIONALLY

Promote regional and state opportunities on a national level to attract new talent into the state.

Are you ready?

IT'S TIME TO POWER YOUR WORKFORCE INITIATIVES.
